II. Docket No. 1172, dated 25th August 1887, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, regarding the appointment of members to the Hospital Committee.

Resolved.—That Messrs. A. Srinivasacharlu, Rai-Bahadur, Vice-President and Murry Gungiah, Municipal Commissioner, No II Division, be appointed as members to the Hospital Committee to represent the Board. It is further resolved that Deputy Commissioner be addressed to move the Government to nominate three members on their behalf and the Lady Superior be likewise requested to appoint members to represent her interests as required by the conditions of transfer.

III. Letter No. 1171, dated 25th August 1887, from the same Officer, forwarding correspondence on the subject of the transfer of certain persons from the Town Hospital to the Girdlestone Ward.

Resolution.—That the Honorary Secretary to the Friend-in-need Society be requested to furnish for the information of the Board a statement showing the number of incurables that have been admitted to the Ward from City of Bangalore since the establishment of the Institution. The Commissioners would, at the same time, desire to record that the three persons alluded to in the letter of the Honorary Secretary to the Friend-in-need Society to the address of the Senior Surgeon, were, in Board's opinion, fit and proper persons to be admitted to the Girdlestone Ward.

IV. Memo showing the cost of providing clothes to the Langarkhana paupers.

Resolution.—The Board, in passing the estimate for Rs. 273—9—0 being the probable cost of clothes to be issued to the paupers in Langarkhana, desire to observe that as the certificates now held by the parties give them the right to receive rations to the end of their lives, it is desirable that these certificates should be periodically examined by the President or Vice-President to satisfy himself as to the identity of the persons and also in view to prevent fraudulent transfers by sale or otherwise. It is also resolved that as regards future admissions, certificates be issued only for a term of one year which can be extended.

V. Petition from Mahomed Yakub Sahib regarding his land in Dobbspet together with Collector's report thereon.

Resolution.—The Board consider it unnecessary to purchase the land in question, and the party be informed that he is at liberty to dispose of the land or cultivate the same as he may think proper.

VI. Letter from the Honorary Secretary, Girls' School Committee, bringing to notice the necessity for additional teachers to the School.

Resolution.—The Board resolve that the application from the School Committee for an additional staff of teachers be submitted to Government for sanction. The Commissioners think that under circumstances represented, some of the additional staff of teachers are very necessary.
